-----

Each container with all of the equipment will weigh less than 16 tons. Fully tested before being shipped. Factory will provide free installation support and after sales service. Production time ...

Discover our 1MWH energy storage systems, perfect for industrial and commercial needs. Reliable, efficient, and customizable solutions for your energy needs.

The system offers a scalable capacity from 1MWh to 2MWh, allowing customization based on specific energy storage needs for commercial, industrial, or utility projects.

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power ...

Built using advanced Lithium-Iron Phosphate (LFP) cells, intelligent Battery Management Systems (BMS), and a fully integrated Energy Management System (EMS), our 1 MWh solution ...

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate their own battery packs, cooling systems, fire suppression systems, and other ...

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate their own battery packs, cooling systems, fire ...

Housed within a 20ft container, it includes key components such as energy storage batteries, BMS, PCS, cooling systems, and fire protection systems. It is an ideal solution for ...
