-----  
Where can I buy shipping containers in Malaysia?

Available from our depots in KL, Klang valley, Kalimantan and worldwide. All containers are with CSC unless otherwise shown. Containers are generally used once to the Malaysia. Supply ex depots in KL, Klang valley and Kalimantan or as otherwise agreed. TITAN Containers can supply all types of new and used shipping containers to Malaysia.

How a great container design in Malaysia can meet your needs?

A great container design in Malaysia can meet your needs. You can convert the containers as per your need. Refurbishing an outdated container is a wise way to use natural resources that would otherwise dump into the landfills. We want to reduce the carbon emission and prefer to utilize the natural resources in the best possible way.

Why should you buy a container house in Malaysia?

Cost effective- The container houses Malaysia are cost-effective. There is no need to arrange raw material like cement, bricks and steel. The container is a ready-made structure that needs to be modified slightly. After purchasing the container house, you can use your DIY skills for further renovation.

What is a container fabrication project?

Fabricated container structures can be transported to different locations, making them suitable for temporary projects or mobile businesses. Container fabrication projects often have shorter construction timelines compared to traditional buildings, enabling faster project completion.

We offer various containers. Namely, shipping, general-purpose, high-cube, open-top, and flatrack containers as well as reefer and high-cube reefer. We ship both locally and internationally.

Your top source for new and used ISO shipping containers, rentals, leasing, and fabrication in Malaysia.
