In the spirit of innovation, specifications and features are subject to change without notice.

The SolaX X3-GRAND HV is a 350kW ground-mounted string inverter delivering 99% efficiency with 6 MPPT trackers for optimal energy harvest. It features Type II SPD protection, AFCI ...

Deploy large solar plants with UTL 350 kW on-grid inverter. 99.03% efficiency, wide MPPT range, bifacial module support & advanced grid protection.

The CPS 350 kW three-phase string inverters are designed for large-scale ground mount applications. The units are high performance, advanced, and reliable inverters designed ...

Solis" largest three-phase, 1500 VDC PV string inverter has 12 MPPT (250, 300 and 350) or 16 independent MPPTs (350K) options that allow for great redundancy in larger systems.

Voltmore 350KW Features OnGrid three phase MPPT based inverter Optional AFCI function, night SVG function High efficiency: up to 99% IP66 protection Support both AI and Cu cable ...

Voltmore 350KW Features OnGrid three phase MPPT based inverter Optional AFCI function, night SVG function High efficiency: up to 99% ...

An NRTL approved, effective alternative to central inverters, these inverters modular design building blocks that provide high yield and. and 12/16 MPPTs for maximum energy harvest. ...

Multi-mppt string inverters from Sungrow, sg350hx, are proven safe for 24h real-time AC and DC insulation monitoring and reach a high yield of 99% at a low cost.

350kw grid-connected inverter

Solis Three Phase Grid-Tied Inverters Efficient 12/16 MPPTs, max. efficiency 99.0% > 150% DC/AC ratio
Lower starting voltage, longer power generation time

The SolaX X3-GRAND HV is a 350kW ground-mounted string inverter delivering 99% efficiency with 6 MPPT trackers for optimal energy ...

The SG350HX-US is a three-phase inverter designed for utility-scale applications, delivering a powerful output of 350 kW with an impressive 99% efficiency.
