This is our Solar Container System 30kW to 600kW available grid connected or off-grid. Comes as complete system including Battery Storage.

The off-grid version consists of a Solarfold container which, in conjunction with a suitable additional storage container, is not connected to the public power grid and functions ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

HBOWA uses top-class grade A lithium iron phosphate battery cells with over 6000 cycle times to ensure the battery quality in the energy storage container. The battery container supports ...

Equipped with photovoltaic MPPT interface, PCS, STS (grid connected and off grid switching, diesel generator interface, fire protection, monitoring system, etc.) A true integrated energy ...

ConSOL is a mobile, solar-powered generator. It runs on PV panels that extend from its container's roof. Energy is stored in Lithium or Gel batteries. As a self-contained, self ...

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Equipped with photovoltaic MPPT interface, PCS, STS (grid connected and off grid switching, diesel generator interface, fire protection, monitoring ...

Regional adoption will likely broaden - we can expect southern Europe to deploy more off-grid systems in

rural areas, central Europe to attach batteries to most solar installs, ...

ConSOL is a mobile, solar-powered generator. It runs on PV panels that extend from its container's roof. Energy is stored in Lithium or Gel ...

Explore scalable off-grid solar & storage systems from up to 5 MWh. Designed for EPCs, developers across Europe, MENA & the Balkans.

HBOWA uses top-class grade A lithium iron phosphate battery cells with over 6000 cycle times to ensure the battery quality in the energy storage ...

Regional adoption will likely broaden - we can expect southern Europe to deploy more off-grid systems in rural areas, central ...

The off-grid version consists of a Solarfold container which, in conjunction with a suitable additional storage container, is not connected to the public ...

Discover off-grid renewable energy solutions, products, and services for reliable power in remote locations. Empowering energy independence ...

Discover off-grid renewable energy solutions, products, and services for reliable power in remote locations. Empowering energy independence worldwide since 2010.
