Are you prepared for a power outage?

It's always best to be prepared for a power outage, whether it's a maintenance outage or an unexpected outage due to a traffic accident or severe weather. Our top priority during a power outage is your safety and that of our crews. Follow the link below for programs and services that can help you prepare for a Public Safety Power Shutoff.

Why do electric IOUs shut off power?

This allows the electric IOUs (San Diego Gas & Electric, Pacific Gas and Electric, Southern California Edison, Liberty Utilities, Bear Valley Electric Service, and PacificCorp) to shut off power to prevent catastrophic wildfires when strong winds, heat events, and related conditions are present.

What is a public safety power shutoff?

Public safety power shutoffs are aimed at mitigating threats, often in areas where its equipment could be at high risk of sparking a wildfire. The utility's meteorological teams use their own weather models and government data to weigh possible shutoffs.

When is public safety power shut off 2024?

August 7-8, 2024: Post-Season and Pre-Season Public Briefing on Utility Public Safety Power Shut Offs for 2024
