What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) is a device that offers battery backup in the event the main electrical supply fails or drops. Smaller UPS systems deliver power for a few minutes or so - just enough time to save any important files and shut down the computer properly. Larger systems have enough power to last several hours.

Where can I find UPS - uninterruptible power supplies?

Find a huge range of UPS - Uninterruptible Power Supplies at element14 Australia. We stock a large selection of UPS - Uninterruptible Power Supplies, including new and most popular products from the world's top manufacturers including: Phoenix Contact, Ea Elektro-automatik, Unbranded, Block & Eaton Powerware
