What is Azerbaijan transport and communication holding?

Azerbaijan Transport and Communication Holding also known as AZCON Holding is a public entity responsible for managing state-owned enterprises and public legal entities, focusing on improving operations, competitiveness, and financial stability.

Why did Azerbaijan establish Azcon?

The decision to establish AZCON reflects Azerbaijan's aim to improve the governance of state-owned enterprises in strategically important sectors -- transport and communications.

What companies are under Azcon's control?

Among them are "Azerbaijan Airlines" (AZAL), "Azerbaijan Railways," "Caspian Shipping Company," and "Baku Metro," among others. The communications group under AZCON's control includes "Aztelekom," "AzInTelecom," "Az?rpoçt," as well as the space agency "Az?rkosmos."

How does Azerbaijan develop its IT market?

The Azerbaijani government aims to develop the country's IT market by launching education and e-government programs, expanding digital resources available to schools and universities outside of Baku, and expanding e-services.
