-----

The Bulgarian city of Lovech, northeast of Sofia, hosts the strongest battery energy storage system (BESS) in the Balkans. The ...

The history of Bulgaria is obscure to most people. Bulgaria is the only country in the world that I'm aware of that had a non-ruling, revolutionary communist party take a ...

The energy storage station adopts safe, reliable lithium iron phosphate battery cells for energy storage with great consistency, high conversion rate and long cycle life, as well as a non-walk ...

In Bulgaria, the storage of solar energy in batteries is rapidly expanding, with private investors leading the initiative.

This solar plus storage project, located in Razlog, Southwestern Bulgaria, was realized by the EPC company Solarpro in ...

Only difference is Hungary declared on me over the treaty. I formed the Balkan Entente with Bulgaria as soon as the focus would allow, and they have been really helpful. In ...

Hisen Power offers an array of energy storage solutions, including residential lithium battery storage solution and hybrid inverter. Click to learn more!

In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery system in Bulgaria, integrated with solar photovoltaic power generation, ...

Sepehr Soltani, lead energy storage analyst at Norwegian consultancy Rystad Energy told the RE-Source

Southeast Conference that took place in Sofia, Bulgaria, in May ...

The deadline for submission of standalone battery storage project proposals was December 5, 2024. The Bulgarian Ministry of ...

Last time I explored two heresies that made their way/formed into Bulgaria, and how they could be improved to feel more truthful, in This Post. Now I will explore relatively ...

Transformation of AES Galabovo into a large-scale energy storage facility using proven technology implemented in concentrated solar power plants (CSP) using molten salts

The deadline for submission of standalone battery storage project proposals was December 5, 2024. The Bulgarian Ministry of Energy announced on December 6 that it has ...

The Bulgarian city of Lovech, northeast of Sofia, hosts the strongest battery energy storage system (BESS) in the Balkans. The Ministry of Energy even said the new ...

Zdravejte vsichni - Hi everyone! And welcome to a new Hearts of Iron 4 Dev Diary! Today we'll be talking about the second country in the upcoming DLC, which I've been ...

This solar plus storage project, located in Razlog, Southwestern Bulgaria, was realized by the EPC company Solarpro in partnership with the stationary battery manufacturer ...
