Release by Scatec, a distributed-generation solar and battery energy storage systems (BESS) solution, is set to expand its solar and storage capacity in Cameroon by 28.6 MW and 19.2 ...

ative battery storage solution. Renewable Innovators Cameroon (REIc), the Cameroonian organization supported by USTDA, is working on the project in partnership with SimpliPhi ...

In response to Cameroon's persistently unstable national grid, which experiences daily power outages of 6-8 hours, Highjoule (HJ Group) successfully deployed a bespoke domestic ...

Release by Scatec is proud to announce the construction start for the second phase of its solar and battery energy storage system ...

Release by Scatec is proud to announce the construction start for the second phase of its solar and battery energy storage system (BESS) projects in northern Cameroon.

To reach this objective, some key aspects supporting the need for bulk energy storage in the power system of Cameroon were analysed, based on a critical analysis of the country's power ...

Cameroon energy storage project with ENEO, an electricity company, in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and ...

The Yaounde's grid-side energy storage project aims to change this narrative through its 52MWh lithium-ion battery array - but is this just a Band-Aid solution or a real game-changer?

For investors? A golden ticket. For locals? A lifeline. For the planet? A step toward redemption. As the first
