In West Java, a province just east of Jakarta, Indonesia, a sprawling industrial park is rising. Backed by Chinese cement giant Hongshi Holding Group, the \$5 billion complex ...

Located on the Saguling Reservoir in Bandung, West Java Province, the project utilizes floating photovoltaic technology, with solar panels installed on floating structures on the ...

The facility, developed in partnership with PLN and Masdar, is the region's largest floating solar power plant and began supplying power to the grid in November 2023.

The project will include a 60-MW floating solar farm, a 150-kV booster station, an 8.5-km 150-kV double-circuit transmission line, and a 150-kV switching station. Once operational, ...

Chinese company Power Construction Corporation of China (PowerChina) has completed the Cirata floating photovoltaic power plant in Indonesia, ...

Indonesia's energy landscape is at a pivotal juncture. With 17,000 islands, chronic power shortages in remote regions, and ambitious goals like 51.6% renewable energy by 2030 ...

At the 2023 Indonesia-China Business Forum, Sinar Mas Group, in a joint venture with the national state agency, signed a deal with ...

The facility, developed in partnership with PLN and Masdar, is the region's largest floating solar power plant and began supplying power ...

Its advanced technologies could support Indonesia's ambition to produce large-scale solar power generation

facilities. However, experts also emphasised the need to develop ...

Its advanced technologies could support Indonesia's ambition to produce large-scale solar power generation facilities. However, experts ...

At the 2023 Indonesia-China Business Forum, Sinar Mas Group, in a joint venture with the national state agency, signed a deal with Chinese investors to construct Indonesia's ...

Today, the Cirata floating solar plant accounts for 25 percent of Indonesia's total new energy generation capacity. It is expected to generate 300,000 megawatt-hours of ...

In West Java, Indonesia, the Cirata Reservoir is home to a groundbreaking initiative in renewable energy, the Cirata Floating Photovoltaics (FPV) Project, developed by ...

In West Java, a province just east of Jakarta, Indonesia, a sprawling industrial park is rising. Backed by Chinese cement giant ...

In West Java, Indonesia, the Cirata Reservoir is home to a groundbreaking initiative in renewable energy, the Cirata Floating ...

Chinese company Power Construction Corporation of China (PowerChina) has completed the Cirata floating photovoltaic power plant in Indonesia, marking the commissioning of the largest ...
