---

Learn about critical size-up and tactical considerations like fire growth rate, thermal runaway, explosion hazard, confirmation of battery involvement and PPE.

Last year, the NFPA and Vector Solutions launched a program to properly train U.S. fire departments in safely mitigating fires that involve energy storage technologies (such ...

This guide serves as a resource for emergency responders with regards to safety surrounding lithium ion Energy Storage Systems (ESS). Each manufacturer has specific ...

The first part of that effort focused on classroom training materials and an interactive, game-like simulated training for responding ...

Governor Kathy Hochul today released initial recommendations from the Inter-Agency Fire Safety Working Group, outlining enhanced safety standards for battery energy ...

Learn about critical size-up and tactical considerations like fire growth rate, thermal runaway, explosion hazard, confirmation of battery ...

The report is a culmination of a two-year research project examining the characteristics of fires resulting from the overheating of lithium-ion battery energy storage ...

QUINCY, MA -- Last year, the National Fire Protection Association&#174; (NFPA&#174;) and Vector Solutions launched a program to properly train U.S. fire departments in safely mitigating fires ...

Explore how firefighters are adapting to fight fires involving distributed energy resources (DER) like battery storage and solar farms. Learn more about NFPA and Vector ...

This webpage includes information from first responder and industry guidance as well as background information on battery energy storage systems (challenges & fires), BESS ...

Explore how firefighters are adapting to fight fires involving distributed energy resources (DER) like battery storage and solar farms. ...

This webpage includes information from first responder and industry guidance as well as background information on battery energy ...

This guide serves as a resource for emergency responders with regards to safety surrounding lithium ion Energy Storage Systems ...

Last year, the NFPA and Vector Solutions launched a program to properly train U.S. fire departments in safely mitigating fires ...
