Why is dubatt launching a battery recycling plant in Dubai?

The launch of Dubatt's battery recycling plant at Dubai Industrial City is a testament to investor confidence in the UAE's and Dubai's future-proof and holistic roadmaps, such as Operation 300bn and Dubai Economic Agenda 'D33', which promote the manufacturing sector's sustainable expansion in the UAE."

Why is dubatt opening a battery factory?

Abdulla bin Touq Al Marri, Minister of Economy, said: "Dubatt's opening emphasises the manufacturing sector's pivotal role in achieving circular economy goals." Battery products manufactured at the end of the production cycle will be sold domestically and exported, aligning with the 'Make it in the Emirates' initiative.

Why is the dubatt factory opening?

The opening of the Dubatt factory, with its advanced technology in the field of battery recycling, is an important step forward in support of the goals of the circular economy agenda and emphasises the pivotal role that the manufacturing sector plays in achieving them.

According to Dubatt's estimates, around 90% of the lead acid battery scrap generated in the UAE is exported for recycling. Dubatt's factory at Dubai Industrial City will ...

Dubatt's factory at Dubai Industrial City will localise the recycling of used battery waste, ensuring the safer treatment of waste materials.

With a built-up area of 65,000 square feet, the first-of-its-kind plant features advanced battery breaking, separating, smelting and refining technologies to safely extract ...

According to Dubatt's estimates, around 90% of the lead acid battery scrap generated in the UAE is exported for recycling. Dubatt's ...

Dubatt Battery Recycling, a joint venture between the Regency Group for Corporate Management L.L.C and Seashore Group, today broke ground on a 70,000-square ...
