On 6 February 2023, a series of massive earthquakes struck south-eastern Türkiye near the border with the Syrian Arab Republic. These and hundreds of aftershocks caused significant ...

On 17 December 2024, a powerful 7.3 magnitude earthquake struck near Port Vila, the capital of Vanuatu, impacting more than a quarter of the country's population. The disaster ...

What is HJ mobile solar container? The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, ...

On 28 March 2025, two powerful earthquakes struck central Myanmar's Sagaing Region near Mandalay. The first, with a magnitude of 7.7, occurred at 12:50 p.m. local time, ...

A 7.3 magnitude earthquake struck Port Vila on 17 December 2024, claimed 14 lives, destroyed critical infrastructure, and displaced over 2000 people who needed to stay in ...

After the local earthquake with a magnitude of 6.5 on the Richter scale in 2024, only a small number of photovoltaic brackets at the power station were slightly deformed, and ...

Flash appeal requesting US\$ 8 million for the WHO response to the earthquake in Myanmar which occurred in March 2025.

Emergency Power Containers, also referred to as containerized solar energy systems or foldable PV storage containers, have become the go-to solution for disaster ...

This research includes development of best practices for resilient PV systems to ensure solar PV technologies

are available when most needed--after disruptive events.

Disaster solar containers help bring back energy in less than two hours. The market for disaster solar solutions is growing quickly. This happens because of new ideas and ...

Our team specializes in designing earthquake-resistant solar-plus-storage systems tailored to your geographical risks and energy ...

With global seismic activity increasing by 18% since 2020 according to the 2024 Global Seismic Report, earthquake-resistant brackets have become critical for solar projects in vulnerable ...

Working closely with the government and partners, WHO is supporting to respond to the urgent health needs of the affected populationA 6.4 magnitude earthquake hit Nepal's ...

Emergency Power Containers, also referred to as containerized solar energy systems or foldable PV storage containers, have become the ...

Sagaing earthquake in Myanmar On 28 March 2025, two powerful earthquakes struck central Myanmar's Sagaing Region near Mandalay. The first, with a magnitude of 7.7, ...

Our team specializes in designing earthquake-resistant solar-plus-storage systems tailored to your geographical risks and energy needs. Whether you're safeguarding a home, ...
