What types of solar inverters do Sungrow offer?

Sungrow have range of inverters for any commercial and industrial solar project. Whether it is a small, medium or large business there are inverters to meet their needs. 5kW, 7kW, 10kW, 15kW, 20kW, 29.9kW, 50kW and 110kW inverters. Talk to our engineering team to discuss your project. We would love to help.

What is an inverter & energy storage solution?

There is an inverter and energy storage solution for every application including grid connected, backup power and off grid. Designed specifically to suit Australian and New Zealand conditions and safety design standards.

What types of inverters are available?

These are available as: Single-phase: designed for home and small business applications. Three-phase: developed for higher yield and more suitable for commercial environments. Hybrid inverters: have the option to draw power from the grid or your energy storage system. Hybrid inverters are great during power blackouts.

Sourced in bulk directly from manufacturers, our Auckland warehouse ensures quick nationwide shipping. Enjoy full manufacturer warranty. Minimum order: 1 pallet, with extra discounts for ...

PV voltage up to 1000V. Max. DC/AC ratio up to 1.5.
