Who is supplying Bess power in Lithuania?

Lithuanian utility Ignitis Group has announced plans to develop 291 MW/582 MWh of BESS capacity at three of its clean energy sites and said the equipment will be supplied by Germany-based Rolls Royce Solutions GmbH.

What is the largest 'private' Bess project in Lithuania?

IPP E energija Group has started building what it claims is the largest 'private' BESS project in Lithuania, a few weeks after the Baltic region decoupled from Russia's electricity grid. The 120MWh battery energy storage system (BESS) project near Vilnius, the capital of Lithuania, will come online by the end of 2025.

Where will Bess be installed?

Announcing a EUR130 million (\$153 million) investment into the three sites on Tuesday, Ignitis said BESS would be installed at wind farms it operates in Kelmė and Mažeikiai and next to the Kruonis Pumped Storage Hydroelectric Power Plant, which is also operated by an Ignitis company.
