How are these stationary market segments ripe for a sodium-ion takeover? Here are some reasons why this battery chemistry could be a great option for FTM, BTM, and ...

Freen OÜ is launching its latest generation of sodium-ion battery storage systems. The Freen-BSH and Freen-BSL products are ...

And here comes the young Estonian gem Freen with an innovation that is likely to change the game: a 10 kWh home storage battery made of sodium-ion! Yes, you read that ...

The Freen Energy Storage Solution introduces the 7.5 kWh and 10 kWh Sodium Battery Pack with integrated Battery Management System (BMS) to deliver a consistent ...

Enter Freetown new energy storage technology - the game-changer in renewable energy. In 2025, this tech isn't just about batteries; it's about rewriting the rules of energy ...

This innovative product is now available for order, providing homeowners with a sustainable and efficient energy storage solution. The Freen Home Energy Storage is designed to provide ...

Maximize your energy independence and efficiency by combining Freen vertical axis wind turbines with Freen sodium-ion battery storage. This integrated system ensures clean, reliable ...

Peak Energy activates a first-of-its-kind sodium-ion battery in Colorado, aiming to cut energy costs and boost US grid reliability.

Freen OÜ has launched its latest generation of sodium-ion battery storage systems, the Freen-BSH and

Freen-BSL models, developed in Estonia. These scalable batteries cater ...

Maximize your energy independence and efficiency by combining Freen vertical axis wind turbines with Freen sodium-ion battery storage. This ...

Freen's sodium-ion batteries are engineered with sustainability in mind. The batteries are non-toxic, non-flammable, and highly stable, ensuring safety for residential use. ...

Freen OÜ has launched its latest generation of sodium-ion battery storage systems, the Freen-BSH and Freen-BSL models, ...

Freen OÜ is launching its latest generation of sodium-ion battery storage systems. The Freen-BSH and Freen-BSL products are developed and produced in Estonia.
