-----

Arevia Power has signed a power purchase agreement with NV Energy for the largest solar energy and battery storage project in Nevada.

GIGA Storage (via GIGA Storage Belgium) announced that it will develop a 600 MW energy storage project with a total capacity of 2,400 MWh, called Green Turtle, in Dilsen-Stokkem, ...

Tenaga Nasional Bhd will kick-start a 400 megawatt-hour (MWh) battery energy storage system (BESS) pilot project in this quarter, marking Malaysia's first utility-scale battery storage project ...

Fidra Energy and Sungrow have announced a strategic partnership to implement 4.4 gigawatt hours (GWh) of battery energy storage system (BESS) projects across the UK and European ...

This project, selected through an international tender with six proposals, will be the largest energy storage system in Central America once operational by the end of 2025.

The proposed project will combine wind, solar, battery energy storage and green hydrogen to help local industry decarbonise. It includes an option to expand the connection to 1,200MW. [pdf]

But here's the million-dollar question: Will these innovations reach Gitega-scale demand before the next energy crisis hits? With 78% of grid operators reporting increased storage RFPs, the ...

The Gitega Green Energy Storage System Project tackles this exact pain point with its hybrid battery architecture. You know, it's not just about storing sunshine; it's about making ...

In Burundi's capital Gitega, where grid coverage barely reaches 15% of households, the new Gitega Off-Grid
