What is a Havana floor?

Inspired by the traditional hydraulic floor, also known as cement tiles, the Havana Collection is the perfect accent to any space. Its pattern brings color and design that merges the classic and modern looks while enhancing any project with its decorative elements.

What are solar tiles?

Solar tiles are roofing materials that can produce energy directly from sunlight. Solar tiles are integrated into the roof itself and function as both a roofing substance and a source of energy, as opposed to conventional solar panels, which are mounted on top of an existing roof.
