In this review, we examined various cooling techniques to mitigate heat accumulation and enhance PV panel performance.

In this perspective, we present a new approach to ultra-high temperature thermophotovoltaics (TPVs), which involves bilayer structures that combine the optical and ...

The potential of solar energy technologies in urban environments is discussed, from the perspective of supporting the transition to sustainable, energy-efficient cities while ...

The study identified several critical factors that affect the overall cost of TPV systems, including system lifetime, capital costs, inflation rates, and the price of natural gas.

Derived forms: highs, highest, higher.

high implies marked extension upward and is applied chiefly to things which rise from a base or foundation or are placed at a conspicuous height above a lower level.

high adjective (IMPORTANT) B2 having power, an important position, or great influence: an officer of high rank

This review discusses the various constructions of PV technologies, recent advances in these products, the influence of key design factors on electrical and thermal ...

Define high. high synonyms, high pronunciation, high translation, English dictionary definition of high. adj. high·er, high·est 1. a. Having a relatively great elevation; extending far upward: a ...

In this work, a building-integrated hybrid photovoltaic-thermal window (PVTW) is fabricated and tested, composed of a semi-transparent photovoltaic (PV) layer and a ...

high /ha?/ adj. andadv., -er, -est, n. lofty: a high wall. (of things) having a specified height: The tree is 20 feet high. elevated: a high ledge. greater than or going beyond the usual degree, ...

The growing demands of modern life, industrialization, and technological progress have significantly increased energy requirements. However, this heightened need for energy ...

Inorganic phase change materials offer advantages such as a high latent heat of phase change, excellent temperature control performance, and non-flammability, making them ...

High (computability), a quality of a Turing degree, in computability theory High (tectonics), in geology an area where relative tectonic uplift took or takes place Substance intoxication, also ...

High (adjective, informal): Intoxicated by drugs or alcohol. The word "high" is a versatile term with multiple meanings and applications, spanning physical elevation, emotional ...

HIGH definition: having a great or considerable extent or reach upward or vertically; lofty; tall. See examples of high used in a sentence.
