---

Our proprietary technology makes it possible to create custom battery packs to meet various operating requirements cost-effectively. See our cold temperature-tolerant custom battery ...

We offer custom housing solutions that ensure your battery pack fits perfectly within your device, with options for waterproofing, shock resistance, and temperature regulation.

Explore our high voltage lithium battery packs, ideal for high-power industrial and commercial energy storage projects.

With over 20 years of experience, NPP Power specializes in custom lithium battery pack manufacturing. We provide tailored energy storage solutions that ensure efficiency, safety, and ...

This product is composed of high quality lithium iron phosphate core (series-parallel connection) and advanced BMS management system. It can be used as independent DC power supply or ...

Our multi-protocol BMS provides 3-stage protection (voltage, temperature, current) and allows for real-time monitoring and adjustments. Our team provides free 3D design, custom BMS ...

Order custom high-voltage battery pack manufacturing from Voltaplex. We are your trusted partner for manufacturing the high-voltage lithium-ion batteries your operations need.

The customized lithium battery pack met the customer's high power demands, with a long cycle life that minimized downtime and reduced maintenance. The shock-resistant ...

We provide custom-paired lithium battery chargers to enhance the performance and reliability of our battery

packs. This is important especially when customers have unique charging ...

We can offer expert technical advice, design and produce high-safety, high-performance lithium battery packs to meet your devices voltage, current, and capacity requirements.

Order custom high-voltage battery pack manufacturing from Voltaplex. We are your trusted partner for manufacturing the high-voltage lithium-ion ...
