Can prefabricated bridges be used to improve load ratings?

In addition to providing reliable job site access, our prefabricated bridges can be used to improve load ratings of existing bridges. Temporary access bridges are an ideal solution because they have little environmental impact and cause minimal disruption to surrounding areas.

Are portable bridges available for sale or rent?

Portable hinged bridges are available for sale or rent. Our prefabricated, modular bridges are engineered for larger spans of up to 62'. Modular bridges bolt together on site in a matter of hours for fast and easy installations, helping you to start jobs sooner. Portable hybrid bridges are available for sale or rent.

Are portable steel bridges available?

Our portable steel bridges are available for purchase, lease or rent. Just call 440-232-0849 and discuss your needs with our knowledgeable staff. We also offer onsite support and OSHA compliance consulting. Custom designs are available. Product Photos (click to view larger image)

Where can I buy a temporary steel bridge?

Safety-Box® Corp. manufactures temporary bridge solutions for almost any need. Our portable steel bridges are available for purchase, lease or rent. Just call 440-232-0849 and discuss your needs with our knowledgeable staff. We also offer onsite support and OSHA compliance consulting. Custom designs are available.

These portable, fast deploying, temporary bridges can be easily transported on a standard flatbed truck and skidded into place with excavation equipment and a small crew in one hour.

Get a cost-effective solution with our prefabricated modular vehicular bridges. These can be easily assembled and can accommodate a broad range of surfaces.
