## How much does a glass curtain wall cost?

Ambrico, the American Brick Company, noted the average glass curtain wall can cost close to \$52 per square foot. There are various types of glass curtain wall systems, including the Stick System, Unit Panel System, Unit and Mullion System, and Column Cover, Spandrel System, and Point Loaded Structural Glazing System.

## Why do curtain wall systems cost so much?

The size and dimensions of the curtain wall system play a crucial role in determining the price. Larger systems require more materials, increased fabrication time, and specialized transportation. Additionally, oversized glass panels may need additional support and engineering considerations, resulting in higher costs.

## Is a unitized curtain wall system better than a bespoke system?

A basic unitized curtain wall system with minimal customization will be more affordable compared to a bespoke system that incorporates unique shapes, angles, or intricate patterns. The intricacy of the design requires additional engineering, fabrication, and installation efforts, resulting in a higher price point.

## How do I get accurate price quotes for a curtain wall system?

To obtain accurate price quotes for a curtain wall system, it is essential to provide detailed project specifications, including design drawings, material preferences, performance requirements, and project timeline. This information will enable suppliers and contractors to provide comprehensive and accurate cost estimates.
