Delivery of the Fix-Watt&#174;, a containerised solar power generator, to supply Total service stations in Guinea.

We design, manufacture, supply and install off-grid and grid-tie solar systems for commercial, industrial and residential applications.

Solar initiatives in Guinea extend beyond large-scale projects. Decentralized solar solutions, such as household solar kits, are also gaining popularity, ...

Highjoule successfully deployed a 1MW foldable photovoltaic container off-grid system at the Madina aluminum mine camp in Guinea, providing stable and clean electricity, replacing diesel ...

Highjoule successfully deploys 1MW off-grid photovoltaic storage system in Guinea using innovative solar folding containers, providing sustainable energy for remote mining operations.

Solar initiatives in Guinea extend beyond large-scale projects. Decentralized solar solutions, such as household solar kits, are also gaining popularity, bringing electricity to remote areas and ...

We focus on complete solar PV plants that are custom designed to your needs. Our plants are optimized to maximize the benefits of solar. We also offer operational and maintenance ...

We focus on complete solar PV plants that are custom designed to your needs. Our plants are optimized to maximize the benefits of solar. We ...

Photovoltaic folding containers offer advantages such as modular deployment, flexible installation, and broad

applicability. Due to limited land area at the campsite, this project cannot be ...

The Guinea Mining Camp Application presents a 1MW Foldable Solar Container Solution. It aims to supply reliable renewable energy for remote aluminum mining operations in Guinea with ...

Highjoule successfully deployed a 1MW foldable photovoltaic container off-grid system at the Madina aluminum mine camp in Guinea, providing ...

Sunpal Power, a global leader in high-performance solar photovoltaic systems, has successfully implemented a transformative 5kW off-grid solar system in Guinea.

The Khoumaguéli Solar Power Station is a 40 MW (54,000 hp) solar power plant under development in Guinea. When completed, it is expected to be the largest grid-connected, ...
