Unisolar's project at Trepça is more than just a solar installation; it's a symbol of Kosovo's commitment to a sustainable future. By harnessing the sun's power, Kosovo is ...

The consortium led by Switzerland-based construction company Orllati was selected in early April to build and operate a solar park of up to 105 MW in connection capacity for 30 ...

The "Solar 4 Kosovo II" project is one of the largest energy projects in Kosovo. This will be one of the largest solar plants in Europe and the first in the region by capacity, which will utilize clean ...

A photovoltaic system is being built on the areas where ash from the two coal-fired power plants at Kosovo A was previously deposited. It will have an installed capacity of up to 100 MW and ...

In order to implement the Energy Strategy, the Ministry of Economy has undertaken the initiative to subsidize households and small ...

To support the green transition in Kosovo*, one of its largest solar photovoltaic plants will be constructed on former ash dump fields near Pristina with a capacity of up to 100 MW. The ...

A construction permit is among the main documents required to receive authorization for installing a photovoltaic system in Kosovo.⁴⁵ Consequently, unless the ...

Solarvance provides efficient, cost-effective solar and storage solutions optimized for Kosovo's continental climate. Our systems deliver reliable performance, helping homes, businesses, ...

Today in Germia Park, the inauguration of the project of the solar system of the floors and the electric vehicle charging station, a project financed by the European Union office and ...

In order to implement the Energy Strategy, the Ministry of Economy has undertaken the initiative to subsidize households and small and medium enterprises to install ...

To access additional data, including an interactive map of global solar farms, a downloadable dataset, and summary data, please visit the Global Solar Power Tracker on the Global Energy ...

To support the green transition in Kosovo*, one of its largest solar photovoltaic plants will be constructed on former ash dump fields near ...

Unisolar's project at Trepça is more than just a solar installation; it's a symbol of Kosovo's commitment to a sustainable future. ...
