When Lome's famous fish market upgraded to solar+storage, they chose modular containers that could withstand salt spray and 40°C heat. Now traders keep tuna colder than ...

The new energy storage technology based on conventional power plants and compressed air energy storage technology (CAES) with a scale of hundreds of megawatts will realize ...

Who Cares About Energy Storage? (Spoiler: Everyone) It's 3 AM in Lomé, Togo. A hospital's diesel generator sputters during emergency surgery. Meanwhile, 16km away, the ...

From 2018-22, American Tower Corporation invested approximately \$345 million to reduce emissions and generate energy across sites in Africa, primarily focusing on solar ...

EK Solar Energy provides professional base station energy storage solutions, combined with high-efficiency photovoltaic energy storage technology, to provide stable and reliable green energy ...

This landmark initiative will establish solar PV and energy storage infrastructure across 187 inhabited islands, positioning investors at the forefront of the region's sustainable energy ...

The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar and ...

Construction has started on the first major solar-plus-storage project in the Dominican Republic, which features a 24.8MW/99MWh battery energy storage system (BESS). [pdf]

The new Belize Energy Resilience and Sustainability Project will deploy state-of-the-art battery energy

storage systems across four strategic locations in the country, marking a significant ...

New "small cell" design is leading to very optimized rural base stations, offering both 2G and 3G/4G local coverage, connected with state-of-the ...

New "small cell" design is leading to very optimized rural base stations, offering both 2G and 3G/4G local coverage, connected with state-of-the-art VSAT terminals.
