-----

In the production of our solar roof tiles, we only use roof tiles by renowned manufacturers. Making our solar solution fully ...

Our tiles integrate into both traditional and modern architecture to ensure a stunning result. We provide the complete end-to-end solution including design, installation, commissioning, ...

Your home can capture this free, abundant energy source through rooftop solar tiles, turning sunlight into electricity for immediate use or storage in a Powerwall battery.

The X-Tile system offers a sleek, modern look by aligning perfectly with Wienerberger's ceramic Actua roof tiles, resulting in a calm, uniform roof appearance where the solar panels are subtly ...

Due to its design, the solar roof tile is ideal for listed or angled roofs. Meyer Burger Tile is in no way inferior to conventional roofing and can even replace it completely, as it is certified as a ...

Lightweight, shock and UV resistant solar tiles for roof integration. The custom solar panel solution was delivered for Luxol Photovoltaics. This tile is designed to fit both with modern and ...

Lightweight, shock and UV resistant solar tiles for roof integration. The custom solar panel solution was delivered for Luxol Photovoltaics. This ...

Wevolt X-Tile is a comprehensive system consisting of photovoltaic panels integrated with modern flat roof tiles and elements that allow for the ...

In the EU-funded TilePlus project, researchers designed a new generation of roof tiles, with photovoltaic technology seamlessly embedded. The tiles provide all the protective properties ...

The combined solar roof tiles and a battery solution offers an easy-to-use monitoring system so you can track your solar roof system's performance, monitor the amount of energy it stores ...

Wevolt X-Tile is a comprehensive system consisting of photovoltaic panels integrated with modern flat roof tiles and elements that allow for the implementation of an effective photovoltaic ...

The combined solar roof tiles and a battery solution offers an easy-to-use monitoring system so you can track your solar roof system's ...

In the production of our solar roof tiles, we only use roof tiles by renowned manufacturers. Making our solar solution fully resistant to rain, snow, hail and ice - year in, year out.

Voltmax Photovoltaics stands out as a leading expert in renewable energy and home modernization across Luxembourg. Operating from its central office in Luxembourg City and a ...
