Even though Nepal's installed capacity has been expanding, there can be no energy security without having a mix of storage and pumped storage projects together with the ...

Nepal has vast low-cost off-river pumped hydro-energy-storage potential, thus eliminating the need for on-river hydro storage and moderating the need for large-scale batteries.

Gham Power, in partnership with Practical Action and Swanbarton, has secured a project from UNIDO to install a 4 MWh energy storage system in Nepal, one of the largest in the country.

Take Nepal's first solar-storage PPA signed last week - a 25-year deal guaranteeing 14% IRR through monsoon/winter price arbitrage. As Asian Development Bank's energy lead Priya ...

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial ...

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial Development Organization (UNIDO) to ...

Gham Power, in partnership with Practical Action and Swanbarton, has secured a project from UNIDO to install a 4 MWh energy storage system ...

Gham Power together with its partners Practical Action and Swanbarton have officially been awarded a project by United Nations Industrial Development Organization (UNIDO) to install ...

As Nepal embarks on the continued expansion of its hydroelectric capacity, the imperative of integrating advanced energy ...

Nepal's mountainous terrain and growing energy demands make 30kW storage systems a game-changer. These medium-scale solutions bridge the gap between small home systems and ...

As Nepal embarks on the continued expansion of its hydroelectric capacity, the imperative of integrating advanced energy storage systems becomes increasingly evident for ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

Representing Nepal at the launch were Nepali Ambassador Bharat Kumar Regmi, Gham Power CEO Anjal Niraula, and teams from Swanbarton and Practical Action. This ...
