nRF Cloud provides Device Management, Device Observability, and Location Services for Nordic devices. Get started free and manage, update, monitor, and debug your devices remotely.

The "eufy Smart Lock E30" employs Nordic Semiconductor's nRF52840 SoC to power the Matter-over-Thread connectivity, enabling users to lock and unlock their smart lock via any Matter ...

It is designed as a complementary component to Nordic's nRF52™ Series and nRF53™ Series System-on-Chips (SoCs) to ensure reliable power delivery and stable operation, whilst ...

Battery Energy Storage Systems (BESS) lead the Nordic energy storage market in 2025, making up about 40-50% of the total market value. Lithium-ion technologies head this ...

"Think of supercapacitors as the sprinters of energy storage," says Dr. Lena Fjellström, project lead at Nordic Energy Research. "They're not here to replace marathon ...

The low power consumption is thanks in part to the ultra-low power characteristics of the nRF54L15 SoC, including Nordic proprietary technologies such as low-leakage RAM and ...

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the launch of the nRF9151 SMA Development Kit (DK), a ...

Trusted by thousands of developers and holding a 40% market share, Nordic's Bluetooth™ LE solution is the go-to choice, leading to over two million wireless SoC (System-on-Chip) ...

Nordic energy storage batteries offer effective solutions for renewable energy integration, providing reliability and cost-effectiveness, as well as sustainability advantages.

From advanced storage solutions to nuclear innovation, learn how technological breakthroughs are paving the way for a more flexible, ...

SuperBattery provides an essential energy storage solution for renewable sectors like hydropower, ensuring reliable and efficient ...

Nordic Passive, a spin-out from Aalborg University, has developed an innovative active capacitor technology that significantly enhances the performance of electrical energy ...

MSc super capacitor energy storage operates as a fast response energy source while the hydro power capacity is ramping up. MSc can deliver the ...

Nordic energy storage batteries offer effective solutions for renewable energy integration, providing reliability and cost-effectiveness, ...

From advanced storage solutions to nuclear innovation, learn how technological breakthroughs are paving the way for a more flexible, efficient and sustainable energy future.

MSc super capacitor energy storage operates as a fast response energy source while the hydro power capacity is ramping up. MSc can deliver the super capacitor energy storage with our ...
