What is Australia's affordable container home solution?

Australia's affordable container home solution. Specialising in prefab shipping container homes, we present a new paradigm in transportable homes with sustainability options you'll find nowhere else.

How much does it cost to ship an expandable container home?

Shipping costs start from \$7,500. The main structure of our expandable container homes is constructed from high-strength steel, ensuring exceptional durability and robustness. This steel frame is designed to withstand the test of time.

What is a fold-out container home?

An Fold-out container home is a fully self-contained fold-out container home that can be delivered flat-packed and expanded on-site. It's ideal for off-grid living, holiday stays, temporary housing, or even a permanent rural retreat. These modular homes come pre-fitted with essentials like plumbing, electricity, and insulation.

What makes off-grid pods unique?

Strong steel, extensive R&D, industry leading components and durable paint coatings enable Off Grid Pods to operate in extreme environments. Add more solar panels, batteries, a back up generator, water desalination or waste water system to create a custom solution that meets your unique needs.
