Fortis Energy acquires a major solar project with an integrated Battery Energy Storage System (BESS) in Serbia. Learn more about this groundbreaking renewable energy ...

Turkish renewables company Fortis Energy announced plans to build a 110-MWp solar farm, coupled with 31.2 MWh of energy storage, ...

UGT Renewables is working with Serbia's EPS to provide a series of self-balanced utility-scale solar projects, including battery storage, to every ...

Turkish renewables company Fortis Energy announced plans to build a 110-MWp solar farm, coupled with 31.2 MWh of energy storage, in the northern Serbian municipality of Sid.

Further demonstrating the trend, POWEROAD is set to launch Serbia's first commercial large-scale solar-plus-storage project in Smederevo Fortress in 2026. These ...

The project, located in Sremska Mitrovica, Serbia, is set to become one of the largest solar-plus-storage projects in south-east ...

Turkish renewable energy company Fortis Energy has announced plans to construct a 110 MW solar power plant near the town of Sid in northwestern Serbia. The ...

UGT Renewables is working with Serbia's EPS to provide a series of self-balanced utility-scale solar projects, including battery storage, to every corner of Serbia.

Plans for 1 GW of new solar in Serbia are set to go ahead after the signing of an implementation agreement.

Serbia s first solar energy storage
