Which wind energy stocks are a good stock to buy?

If you intend to capitalize on this buzzing trend, our Wind Energy Thematic Screen could make it easy to identify high-potential stocks such as NextEra Energy, Inc. NEE, OGE Energy Corp. OGE, Portland General Electric Company POR and Arcosa, Inc. ACA.

Should you invest in wind energy stocks?

Only a couple trade on major U.S. stock exchanges. That leaves investors with few domestic pure-play wind energy investment opportunities. Because of the limited pure plays, investors need to cast a wider net when looking for opportunities in the wind energy sector. With that in mind, here are some of the top wind energy stocks to consider:

Are solar and wind projects eligible for tax credits?

Under the new tax and spending bill signed into law, solar and wind developments are eligible for tax credits if they begin construction within 12 months of the bill's enactment. With the new provision, small project developers can claim tax credits on spending at least 5% of the project cost.

Leading wind energy stocks like EXC, BEP, AES and PCG present compelling opportunities, given their strong foothold in the market and focus on expansion.
