The scheme aims to support standalone projects that will help integrate renewable energy in Bulgaria, and each project can receive a maximum of 148 million BGN (US\$80 ...

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a precedent for large-scale industrial and ...

Bulgarian renewable energy company Sunterra RE has expanded the capacity of its Kaloyanovo solar power plant near Plovdiv by installing an additional battery energy storage ...

The scheme aims to support standalone projects that will help integrate renewable energy in Bulgaria, and each project can receive a ...

In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery system in Bulgaria, integrated with solar photovoltaic power generation, ...

Transformation of AES Galabovo into a large-scale energy storage facility using proven technology implemented in concentrated solar power plants (CSP) using molten salts

The plant will produce high-performance lithium batteries for large-scale renewable energy storage, with an annual capacity of 3 to 5 GWh, and will cover research and ...

In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery system in Bulgaria, ...

This article explores how these innovative systems address modern energy challenges across industries while

highlighting opportunities for businesses seeking reliable power solutions.

Several large-scale solar photovoltaic (PV) projects with a power capacity above 100 MW were launched into commercial operation in Bulgaria between 2021 and 2024.

Your path to success in Bulgaria starts with Highjoule. At Highjoule, we are committed to supporting our agents in Bulgaria with reliable energy storage solutions that promote success ...

Located next to a photovoltaic park within Balkan Industrial Park, it is part of the country's first closed licensed power distribution ...

Located next to a photovoltaic park within Balkan Industrial Park, it is part of the country's first closed licensed power distribution system. The Bulgarian city of Lovech, ...

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a ...
