-----

ADB said yesterday (25 November) that the US\$200 million loan will fund the Power System Strengthening and Renewable Energy ...

Sri Lanka is turning to energy storage systems, including battery and hydro-based solutions, to address the growing imbalance between solar energy supply and demand, a ...

A collaboration between the private sector and the Ceylon Electricity Board (CEB), the project incorporates battery storage and is a ...

The government of Sri Lanka has entered into a power purchase agreement (PPA) with Australian firm United Solar Group (USG) for a 700MW floating solar and storage project.

A contract has been awarded to SgurrEnergy to build Sri Lanka's first MW solar PV project, which will include a 12 MWh battery energy storage system (BESS).

This milestone venture stands as the first large-scale solar initiative in Sri Lanka, symbolizing a pivotal shift towards cleaner and more sustainable energy sources.

A collaboration between the private sector and the Ceylon Electricity Board (CEB), the project incorporates battery storage and is a key component of Sri Lanka's ambitious goal ...

The Rividanavi project, which marks a milestone in the nation's sustainable development and renewable energy sector, is also expected to reduce annual carbon dioxide ...

ADB said yesterday (25 November) that the US\$200 million loan will fund the Power System Strengthening

and Renewable Energy Integration Project, which includes the ...

SgurrEnergy has secured the contract to develop Sri Lanka's first 100 MW solar photovoltaic project with a 12 MWh battery energy storage system (BESS). It will be ...

Sri Lanka has started building its largest renewable project, a \$140 million, 100 MW solar park with 12 MWh of storage. It is expected to ...

Sri Lanka has started building its largest renewable project, a \$140 million, 100 MW solar park with 12 MWh of storage. It is expected to annually generate 219 GWh and cut \$69.7 ...

This milestone venture stands as the first large-scale solar initiative in Sri Lanka, symbolizing a pivotal shift towards cleaner and ...

PIDG's investment, through its project development solution, InfraCo, enables Greenpower SL to double its rooftop solar portfolio and will support the exploration of new ...

The Rividanavi project, which marks a milestone in the nation's sustainable development and renewable energy sector, is also expected ...

PIDG's investment, through its project development solution, InfraCo, enables Greenpower SL to double its rooftop solar portfolio and ...
