The company provides a 15 Watt LED light in their package. The LED gives the cooler white shade which can lighten the broader area. The best part is that it consumes 30%-40% less ...

Solar Powered: Our Solar 15W LED Street Light operates completely on sun power. The high-performance solar panel absorbs daylight at some point of the day and converts it into ...

This patented, solar-powered, integrated 15 watts 1500 lumens LED street lighting system comes prewired. All that is required is mounting it on a pole or building and aiming the solar panels ...

The LED flood light has a built-in PIR sensor which activates the light when motion is detected. The sensor also prevents the light from activating when there is sufficient ambient light ...

* Solar Panel: Efficiency Germany Solar mono 18V 25W * Install height: 3.5-4.5 meters * Waterproof: IP 65
* Solar charging time: 6-7 hours by bright sunlight * Lighting time: 7 days, ...

The design of the all in one solar street light comes from the inspiration and power of the universe, combined the best energy saving parts--solar panel, led lamp and special battery.

Controller Charging Mode: PWM Lighting Mode: Auto ON/OFF with motion sensor Waterproof IP65 Light colour : Cool white Charge Time : 6 - 8 hours by sunlight Working Time : 12 hours ...

The 15W Solar LED Street Light with Motion Sensor is a powerful and efficient lighting solution that provides 15 watts of power and 1600 lumens. It is motion-activated and ideal for areas ...

These eco-friendly and cost-effective solar lights are designed with top-notch energy-saving components, including a solar panel, LED light, and lithium iron phosphate battery.
