Rooted in Swiss precision and environmental stewardship, we develop and operate the most versatile battery systems for industry and commerce. To test and validate ...

Microgreen offers large-scale energy storage that is reliable in harsh environments, cost effective with top energy density, and provides best ...

Libattion is a Swiss company that produces industrial energy storage solutions. Their offerings are distinguished by a commitment to quality, sustainability, and safety. With their advanced green ...

Our fire-rated lithium battery storage containers and comprehensive safety measures comply with NFPA, UL, OSHA, and EPA standards, ensuring protection against fires, environmental ...

LMB was developed to meet the need for cheap and robust large battery systems for the grid. Its design consists of three layers of liquid metal kept at a high temperature, all three active ...

So there you have it - Switzerland's energy storage landscape in 2025 isn't just about electrons in boxes. It's a wild ride of innovation where precision engineering meets ...

Lithium-ion battery storage containers are specialized enclosures designed to safely house and manage lithium-ion battery systems. They incorporate thermal regulation, fire ...

As our societal dependence on battery power and energy storage continues to grow, it's important to consider all aspects of the design, installation and maintenance to reduce the likelihood of ...

Microgreen offers large-scale energy storage that is reliable in harsh environments, cost effective with top

energy density, and provides best return on investment.

As our societal dependence on battery power and energy storage continues to grow, it's important to consider all aspects of the design, installation ...

Enter container lithium battery systems, the energy storage equivalent of a Swiss Army knife. These modular powerhouses are transforming everything from solar farms to mobile EV ...

Our staff has years of experience with lithium ion batteries and can provide optimal support. LiTHiUM System, formerly LiTHiUM Storage GmbH, headquartered in Illnau, Switzerland, has ...
