**What is a 3 level battery management system (BMS)?**

Our 3-level battery management system (BMS) guarantees safe operation by continuously monitoring all critical parameters at three distinct levels: the cell level, battery module level, and battery cabinet level. Additionally, the HISbatt 215-A features an independent aerosol-based active fire suppression system.

**Are the battery cabinets modular?**

Whether you're planning an on-grid project or an off-grid solution, the battery cabinets are designed to be modular and easily expandable in the future. We've designed our solutions to guarantee safety and comfortability for you. All our battery solutions are forklift-ready and can be easily installed at the site.

**What is a srb10 Battery Cabinet?**

The SRB10 Battery Cabinet is an outdoor-rated enclosure that can hold up to 10x SR5K-UL battery modules for a total energy capacity of 50 kWh. The cabinet is outdoor-rated with automatic, temperatu... Explore StackRack's modular battery systems for residential, commercial, and utility-scale projects.
