Where can I buy solar panels in Canada?

Solar Power Store Canada offers solar panels by the pallet for the Canadian and US markets. Shop brands like Canadian Solar, Seraphim, QCell, Longi, and many more. With different styles and technologies such as monocrystalline solar panels, bi-facial solar panels, split cell designs, shingled panels and more.

What are Canadian solar panels?

These Canadian Solar solar panels use meticulous design and production techniques to ensure a high-yield and long-term performance for every panel produced. We offer low wholesale prices on the CS6P series PV modules. These are ideal for residential and commercial Canadian Solar systems.

How much do solar panels cost in Canada?

Note that this is a rough estimate and the price could fluctuate depending on the equipment and installers used - prices can easily go as high as \$3 per watt in Canada. Roofs with a slant of 30 to 45 degrees are the best candidates for solar panels.

Why should you choose a Canadian Solar supplier?

As a Canadian solar supplier, we understand the unique needs of our customers and offer products that are tailored to meet local requirements. We carry a wide selection of solar panels for all types of installations. From residential rooftops to large-scale commercial projects, we ensure that you have access to the best panels on the market.
