-----

Uzbekistan has launched its first utility-scale "solar + storage" project -- the Nur Bukhara Photovoltaic and Battery Energy Storage Project -- in the Bukhara region, developed ...

Introducing the innovative BESS component will improve the efficiency and flexibility of the power system, providing greater security of ...

This agreement was decisive for Artemisya, the first hybrid cluster in Central Asia combining solar, wind and storage.

Introducing the innovative BESS component will improve the efficiency and flexibility of the power system, providing greater security of supply and helping to mitigate the ...

This article will delve into the latest statistics on solar energy development in Uzbekistan, reviewing the key achievements of 2024 and outlining the ambitious plans set for 2025 and ...

Looking to slash energy costs while tapping into Uzbekistan's booming solar market? Government subsidies for mobile solar containers could cut your upfront investment by 30-50% in 2025.

In order to promote the use of renewable energy technology in Uzbekistan, this article offers insights into system design, energy storage integration, and performance evaluation.

Located in the Termez Cargo Centre, 2km from the Uzbekistan-Afghanistan border, the hub enables UNHCR to rapidly replenish local stockpiles and be more agile in ...

The project adopts a dual-use land approach, integrating agriculture beneath solar panels and aquaculture with

floating solar installations. Trina Storage Elementa system, with ...

Located approximately 20 kilometers northeast of Tashkent, the capital city, the project comprises a 200 megawatt (MW) solar photovoltaic (PV) plant coupled with a 500 megawatt-hour (MWh) ...

Tashkent, Uzbekistan - Sungrow, a global leader in PV inverter and energy storage solutions, has successfully commissioned the Lochin 150MW/300MWh energy storage ...

The project adopts a dual-use land approach, integrating agriculture beneath solar panels and aquaculture with floating solar ...

Tashkent, Uzbekistan - Sungrow, a global leader in PV inverter and energy storage solutions, has successfully commissioned the ...

Located in the Termez Cargo Centre, 2km from the Uzbekistan-Afghanistan border, the hub enables UNHCR to rapidly ...

Located approximately 20 kilometers northeast of Tashkent, the capital city, the project comprises a 200 megawatt (MW) solar photovoltaic (PV) plant ...
