Who is solar electric supply?

Whether you're looking to power a home, a business, or a large-scale industrial project, Solar Electric Supply is your go-to partner for all your solar energy needs. SES provides a broad selection of solar panels, inverters, mounting systems, and energy storage solutions from industry-leading manufacturers.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why do you need a solar container?

Deploy power in hours Perfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.

Where are solar power plants made?

Headquartered in Shanghai with 50,000m²+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Build better energy systems and gain a competitive advantage with Greentech Renewables Los Angeles, CA. Take advantage of our extensive on-site inventory. Located in Chatsworth, CA, ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Our 10kw solar battery storage system is perfect for residential, commercial, and industrial use, providing a reliable and cost-effective way to store and utilize solar energy.

Low wholesale prices on sealed gel, AGM, Li-ion solar batteries and other energy storage. Become an Authorized Solar Electric Supply Contractor or Dealer and grow your business in ...

Solar Solutions for remote mining and construction sites. Achieve energy independence anywhere with our Solar Power and ESS, with capacities ranging from 50 kW to 10 MW.

The complete solar system includes solar panels, solar pv combiner, solar inverter with solar charge controller built-in, batteries, solar panel ...

Build better energy systems and gain a competitive advantage with Greentech Renewables Los Angeles, CA. Take advantage of our ...

Maximize energy efficiency with our innovative solar energy storage container 10kw designed for secure and scalable storage solutions. Enhance sustainability and reduce costs today!

We distribute for, or carry, almost every module manufacturer under the sun. If you're looking for JA Solar, Mission, Astronergy, Trina, Qcells, SEG, Adani - give us a ring. All of our modules ...

Solar system 10KW can produce 40kWh electricity on sunny days; meanwhile, it can start max 10kW loads with stable performance. Shop the completed solar kit here.

MARS SOLAR have 10+years solar power system manufacturers experience for 10KW Solar Mining System product. More than 3000 successfully cases have installed in 130+countries.

Low wholesale prices on sealed gel, AGM, Li-ion solar batteries and other energy storage. Become an Authorized Solar Electric Supply Contractor ...

The complete solar system includes solar panels, solar pv combiner, solar inverter with solar charge controller built-in, batteries, solar panel mounting brackets and associated cables.
